

PROGRAM SYLLABUS

Learning & Development

Online Certification Program

Last update: September 27, 2022

AIHR

ACADEMY TO
INNOVATE HR

An overview

of what you can expect from this program

Train, retain, and engage your workforce

Give your organization a powerful competitive edge by training, retaining, and engaging your most talented employees. As a Strategic L&D Specialist, you will have the skills to engineer an effective L&D program and create a culture of learning that is aimed at solving today's most pressing people-challenges, such as closing the skills gap, enabling the digital transformation, engaging millennials, and retaining your most talented people.

This online certification takes you from building a targeted L&D strategy to putting it into practice by building the learning culture and landscape within your organization. In this process, you will identify key learning needs, analyze skills gaps, and use learning analytics to evaluate the effectiveness of learning interventions and avoid wasting the L&D budget.

	Type	Online self-paced learning
	Language	English (including subtitles)
	Duration	27 hours
	Access	12 months
	Structure	5 courses + capstone project
	Testing	Quizzes, assignments, capstone project
		Digital certificate upon completion (including LI token)
		Eligible for HRCI, HRPA & SHRM credits
		Reading materials & bonus content
		60-day money back guarantee

Learn in-demand skills

and take your career to the next level

Learning objectives

-  **Learning & Development strategy**
Design and implement an HRD strategy that aligns with the overall business strategy and works as catalyst for talent management.
-  **Skill gap analysis**
Help your organization dodge disruption by pinpointing crucial skill gaps and providing effective learning interventions.
-  **Coaching skills**
Learn how to implement coaching in your organization to support behavioral change.
-  **L&D analytics**
Measure the impact and effectiveness of learning interventions using learning analytics.

The perfect fit for

This course is for L&D and Talent professionals who want to take a more strategic and data-driven approach to Learning & Development. The combination of scientific frameworks and practical lessons will help you identify development opportunities and implement effective interventions.

No specific prior knowledge is required but human resources or L&D experience will be helpful to draw upon.

A detailed look

at the curriculum and modules

2 MODULES

Learning & Development Strategy

Build a Learning & Development strategy that enables your organization's long-term objectives. From mapping organizational learning maturity, to setting up formal learning programs and strengthening the informal learning landscape, this course provides you with the knowledge and skills necessary to develop L&D into a high-value strategic function.

- **Building a Culture of Learning**
- **Learning Strategy**
- **Setting Up the Learning Landscape**

5 MODULES

Designing Digital Learning Experiences

Transform your company into a digital learning organization. In this course, you will learn how to use the Digital Learning Strategy Canvas to structure your L&D strategy and bring key learning objectives within reach. You will also learn to develop and implement a digital learning strategy by getting buy-in from key stakeholders.

- **Why: Learning as a Strategic Enabler**
- **Who: Understanding Your Learners**
- **What: Content and Delivery**
- **Implementation**
- **Case study**

1 MODULE

Skills Gap Analysis

Take the guesswork out of L&D. In this course, you will learn methods to accurately identify your organization's current and future learning needs by performing a skill gap analysis. In addition to learning key techniques, you will see plenty of practical examples that can help you map your organization's internal upskilling needs.

- **Fit for Purpose**
 - **Quantitative Impact**
 - **Case study**
- 

2 MODULES

Coaching

In this course, you will immerse yourself in both the academic and practical aspects of coaching so that you can implement coaching successfully. You will learn about different roles in coaching, GROW models, the benefits of managerial coaching, and how to choose the right coach for your organization.

- **Introduction to Coaching**
- **Evidence-Based Coaching**

1 MODULE

Learning Analytics

Use data to demonstrate just how valuable your L&D program is. You will start with the basics of learning analytics, before diving into different approaches, methods to collect the right data, calculating learning analytics ROI and more. This course also includes several practical case studies demonstrating the potential and relevance of learning analytics.

- **Collecting Learning Data**
 - **Implementing Learning Analytics**
- 

1 MODULE

Capstone project

The capstone project will let you put your new knowledge and skills into practice. The project covers a wide range of topics included in the certificate program, from analyzing business needs to formulating a strategy and finally measuring the effect of your work.
